PROFILE

I am a Full Stack Web & Mobile App Developer with a strong foundation in software engineering and extensive experience in crafting innovative applications. Proficient in React, Next.js, Express.js, React Native with Expo, I bring expertise in developing comprehensive solutions that enhance user engagement and operational efficiency. Capable of debugging complex issues and ensuring compliance with industry standards, leading to improved performance and cost savings. Committed to leveraging my technical skills to deliver exceptional web and mobile applications that meet client needs and drive business success.

WORK EXPERIENCE

Full Stack Web & Mobile App Developer (remote)

Tugza Innovations PLC, Mekelle, Ethiopia
June 2024 - May 2025

- Developed Mobile Applications from scratch using React Native with Expo, including back-end services using Express.js with the use of database ORMs like Prisma and Drizzle.
- Developed Full stack web applications using Next.js and React with modern user interface libraries like Shadcn UI and Material UI which improved user engagement significantly.

Laravel and Vue.js Developer Intern (Internship)

Ahaz Platforms, Mekelle, Tigray, Ethiopia
March 2025 - June 2025

- Developed dynamic and responsive front-end interfaces using Vue.js. Implemented component-based architecture, state management with Vuex, and integrated RESTful APIs to enhance user experience.
- Built and maintained secure backend systems using Laravel. Designed and optimized MySQL database schemas, developed RESTful APIs, implemented authentication and authorization, and ensured application performance and scalability.

EDUCATION

Bachelor Degree in Software Engineering
Mekelle University, Ethiopia

Jan 2021 – present
