PROFILE

I am a Full Stack Web & Mobile App Developer with a strong foundation in software engineering and extensive experience in crafting innovative applications. Proficient in React, Next.js, Express.js, React Native with Expo, and bringing expertise in developing comprehensive solutions that enhance user engagement and operational efficiency. Capable of debugging complex issues and ensuring compliance with industry standards, leading to improved performance and cost savings. Committed to leveraging technical skills to deliver exceptional web and mobile applications that meet client needs and drive business success.

WORK EXPERIENCE

Full Stack Web & Mobile App Developer

Tugza Innovations Plc, Mekelle, Ethiopia
December 2024 - Present

- Developed and enhanced programs to increase accuracy and lower costs.
- Developed strategies to ensure compliance with new standards.
- Handled debugging and troubleshooting with a high success rate.
- Developed Mobile Applications from scratch using react native with Expo, including back-end services using Express.js with the use of database ORMs like Prisma and Drizzle.
- Developed Full stack web applications using Next.js and React with modern user interface libraries like Shadcn UI and Material UI that improved user engagement significantly.
